There was a character who would drain the blood of his enemies from their wrist in order to get them to be his mutations. And it left me feeling like the author hadn't coherently thought out the plot. The over arching theme is that the deity in charge and power of was changing.

The tense moments in this read are well written but a tad predictable. Instead, we followed Troy Stockton in part, a character from the first book whose character was beginning to develop in the first book in one way, but who did not seem at all the same person in the second book, except the fact that he is a true crime writer. Poor family, dad not one to show affection. Paperback pages. Nothing of the sort actually makes its appearance on page. There are some developments that I would like to see, for example how Flynn controls his telepathic power or how Jerry blocks his thoughts or even the answer to the cold case.
